Company Profile

Jiangsu Xinbei Electrical Appliances Co.,Ltd. is the manufacturer and distributor of the famous Brand "NCVI" products in China, located in Wuxi City, Jiangsu province.

The company is a professional manufacturer and exporter of feeding supplies such as bottle sterilizer, bottle warmer, breast pump and other baby products. With our advanced management system, we are able to standardize the whole production process to guarantee product quality for every customer.

With rich experience in developing and manufacturing baby care products, our company is in the leading position of the feeding supply industry. Most of our goods are exported to Europe, USA and other area. Welcome to visit us.

Electric single and double breast pump
Model: E0112

1. Anti countercurrent design
2. LED display
3. Lithium battery power supply
4. Three mode switching
5. Night lamp lighting

Electric breast pump
Model: E0111

1. Anti countercurrent design
2. LED display
3. Lithium battery power supply
4. Three mode switching

Mobile Electric Breast Pump
Model: E0113

1. Anti countercurrent design
2. LED display
3. Lithium battery power supply
4. Three mode switching
5. One device, wireless binding.

Mobile Electric Breast Pump
Model: XB-8777

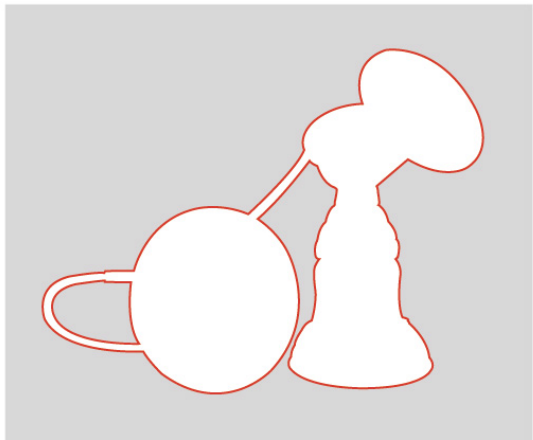

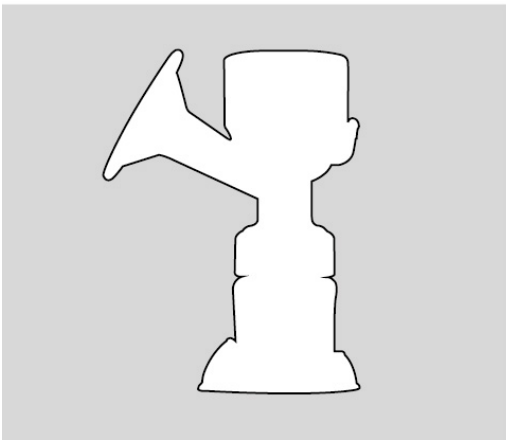

1. One device, wireless binding.
2. Lithium battery power supply.
3. Strong suction, get rid of the trouble of raising milk.
4. Three modes switching at random to deal with different conditions.

01

Breast Pump

Electric single and double breast pump
Model: XB-8788

1. Four mode switching.
2. Anti countercurrent design.
3. Lithium battery power supply.
4. LCD screen display the power mode.

Electric single and double breast pump
Model: XB-8792

1. Four mode switching.
2. Anti countercurrent design.
3. Lithium battery power supply.
4. LED screen display the power mode.

Smart Electric Double Breast Pump
Model: XB-8769

1. Anti-backflow design
2. LED display
3. Lithium battery powered
4. Single and double use
5. PP material bottle
6. Double mode switching at random to deal with different conditions.

Smart Electric Double Breast Pump

Model: XB-8760 (Double use)
XB-8776 (Single use)

1. Single and double use
2. Anti-back flow
3. LED display Rechargeable lithium batteries
4. 3 suction modes
5. Night lamp lighting

03

Smart Electric Breast Pump
Model: XB-8780

1. Anti-backflow design
2. LED display
3. Lithium battery powered
4. Dual mode switch
5. PP material bottle

04

Smart electric single and double breast pump

Model: XB-8782

1. Anti countercurrent design
2. LED display
3. Lithium battery power supply
4. Three mode switching
5. PP material bottle

Smart electric single and double side breast pump
Model: E0108

1. Anti countercurrent design
2. LED display
3. Lithium battery power supply
4. Three mode switching
5. PP material bottle

Digital Electric Breast Pump

Model: XB-8615
XB-8615-1 Rechargeable

1. DC&AC power supply, LCD screen display the power mode.
2. 5 different suction mode for your choice.
3. With Intelligent Microcomputer Controller and advanced mute Motor.
4. Unique safe valve design, easy to release when the suction is over powerful.
5. Automatic power off after 30 min. working.

Electric Breast Pump

Model: E0109

1. Anti countercurrent design
2. LED display
3. Lithium battery power supply
4. Three mode switching
5. PP material bottle

Electric Breast Pump

Model: XB-8768

1. Anti-backflow design
2. LED display
3. Lithium battery powered
4. Three mode switch

Smart Electric Double Breast Pump

Model: XB-8756

1. Anti-backflow design
2. LED display
3. Lithium battery powered
4. Dual mode switch
5. PP material bottle
6. Individual Control on vacuum and cycles

Digital Dual LCD Breast Pump

Model: XB-8617(Single use)
XB-8614(Double use)

1. DC&AC power supply, LCD screen display the power mode.
2. 9 different suction mode for your choice.
3. With Intelligent Microcomputer Controller and advanced mute Motor.
4. Unique safe valve design, easy to release when the suction is over powerful.
5. Automatic power off after 30 min. working.
6. Sucking frequency can be adjusted freely.

Breast pump

Model: XB-8726 (Double use)
XB-8725 (Single use)

1. Hand hold for easy operation.
2. Patent design of ball bearing control.
3. Rechargeable lithium battery, easy to move.
4. USB plug, same as computer, can charge with power bank.

Breast pump

Model: XB-8733 (Single use)

1. Hand hold for easy operation.
2. Touch button for control.
3. Rechargeable lithium battery, easy to move.
4. USB plug, same as computer, can charge with power bank.

Breast pump

Model: XB-8730 (Double use)
XB-8729 (Single use)

1. Hand hold for easy operation.
2. Patent design of ball bearing control.
3. Rechargeable lithium battery, easy to move.
4. USB plug, same as computer, can charge with power bank.

Breast pump

Model: XB-8732 (Double use)
XB-8731 (Single use)

1. Hand hold design for easy operation.
2. Rechargeable lithium battery, easy to move.
3. USB plug, same as computer, can charge with power bank.

Breast pump

Model: XB-8715 (Double use)
XB-8716 (Single use)

XB-8752 Double Breast pump
Rechargeable

1. 5 levels of massage, 9 levels of suction power.
2. Touchpad screen for precise control.
3. Options of lithium.
4. Food grade material for safe use.

Breast pump

Model: XB-8707 (Double use)
XB-8708 (Single use)

1. Multitronic adjust without limit.
2. AAA battery operation & DC/AC adapter.

07

Ball bearing Controlling Breast Pumps

Model: XB-8723(Double use)
XB-8720(Single use)

1. Hand hold operation for easy carry.
2. Ball bearing control the levels and modes, patent design and convenient to operate.
3. Lithium battery principle, easy to take
4. Same USB plug as cellphone, charge with cellphone or power bank cable.

08

Electric Breast Pump

Model: XB-8712

1. Mini body, easy to move.
2. LED light show the suction mode and level.
3. Stimulation and expression suction mode, 14 suction levels.

Breast pump

Model: XB-8754 (Double use)
XB-8734 (Single use)

1. Rechargeable Lithium Batteries Supply;
2. USB cable which is same as Android's, can use with computer and power bank;
3. Double Breast Pump which will not affect the suction power of each side.
4. 9 levels of suction power to choose
5. Controlled by Microcomputer and super silent

Electric Breast Pump

Model: XB-8722

1. Mini body, easy to move.
2. LCD light show the suction mode and level.
3. Stimulation and expression suction mode, 14 suction levels.

Intelligent electric single/double Breast pump
Model: XB-8703

1. Cute round design for your best breast feeding.
2. With big LCD screen shows every working status.
3. Single & double for your choice.
4. Adjustable 9 level suction.
5. DC&AC use for your choice.
6. Unique design with imported motor, super mute.
7. 100% anti back-flow.

09

Mobile Electric Breast Pump
Model: XB-8759

1. One device, wireless binding.
2. Power supply for a long time, strong and stable.
3. Strong suction, get rid of the trouble of raising milk.
4. Double mode switching at random to deal with different conditions.

Integrated design

Lithium battery power supply

Milking mode

Lactation sucking double model

Electric Breast Pump

Model: XB-8762

1. Mini body, easy to move.
2. LED show the suction mode and level.
3. Stimulation and expression suction mode, 14 suction level.

Mute design

NC Control

14 gauge suction selection

Manual Breast Pump (Adjustable Suction)

Model: XB-8611

1. Ergonomic Design, more comfortable and easy to operate.
2. Silicone Pad-Massage Silica Gel, Help alleviate pain when sucking.
3. Convenient for your use even with one hand.
4. With vacuum valve to adjust the suction.

Manual Breast Pump

Model: XB-8612

1. Help alleviate pain when sucking.
2. Convenient for your use.
3. Easy to assemble and clean.

10

Manual Breast Pump

Model: XB-8610

1. Silicone massage-pad, help alleviate pain when sucking.
2. Ergonomic design, more comfortable and easy to operate.
3. Uniform and powerful suction.
4. Two suction mode for your choice.

Manual Breast Pump (Adjustable Suction)

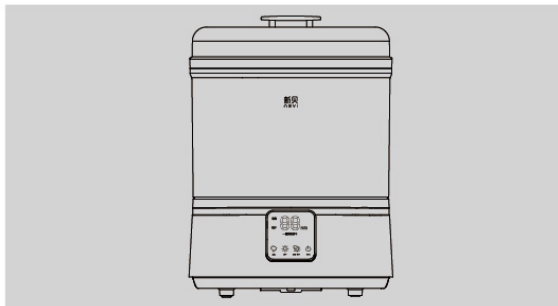

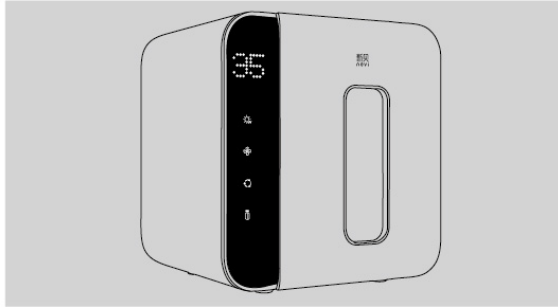

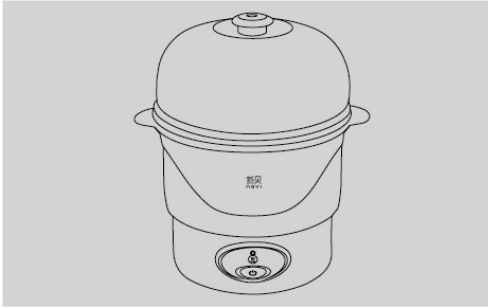

Model: XB-8639

1. Ergonomic Design, more comfortable and easy to operate.
2. Silicone Pad-Massage Silica Gel, Help alleviate pain when sucking.
3. Convenient for your use.
4. With vacuum valve to adjust the suction.

02

Steam Sterilizer

Bottle Sterilizer & Dryer

Model: XB-8015

1. Free combination
2. Anion drying
3. Big capacity
4. High temperature steam sterilization
5. One key sterilizing and drying

Liquid heater (bottle sterilizer and dryer)

Model: XB-8013

1. One key sterilizing and drying
2. High temperature steam sterilization
3. Individual hot wind drying
4. Touch button

Ultraviolet Sterilizer

Model: XB-8025

1. One-button touch
2. Bottle storage
3. Hot air drying
4. Ultraviolet disinfection

NEW

Ultraviolet Sterilizer

Model: XB-8012

1. Smart panel, touch key.
2. High-capacity.
3. Multiple filter nets to help dry.
4. Ultraviolet disinfection, 360 degrees without dead angle.
5. Controllable time, doubling safety.

Ultraviolet Sterilizer

Model: XB-8016

1. One-button touch
2. Bottle storage
3. Hot air drying
4. Intelligent security

Bottle Sterilizer & Dryer

Model: XB-8005

1. 10 mins quick sterilizing.
2. One key operation for sterilizing and drying.
3. 3 dryer modes for your choice, 30 mins, 40 mins and 50 mins.
4. High capacity for all the feeding articles
5. The touch button, easy to use.

5 in 1 Multifunction Bottle Sterilizer & Dryer

Model: XB-8600

1. Multifunctional: disinfection, dry out, steam food, heating food and warm milk.
2. 9 min. quick sterilizing.
3. 2 dry out mode for your choice, 30 min. & 60 min.
4. Automatic dry out after sterilizing.
5. High-capacity, sterilize 6 all size bottles and other feeding items at the same time.
6. Easy to clean.

Bottle sterilizer

Model: XB-8602

1. One button operation, convenient for your use.
2. Scientific chassis structure, avoiding milk residues backflow to the heating plate while sterilizing.
3. Small volume with big capacity, sterilize 6 standard bottles at the same time.
4. 9 min.quick sterilizing, then automatic turn off.

Bottle Sterilizer & Dryer

Model: XB-8006
XB-8021

1. 10 mins quick sterilizing.
2. One key operation for sterilizing and drying.
3. 3 dryer modes for your choice, 30 mins, 40 mins and 50 mins.
4. Separate hot air drying.
5. High capacity for all the feeding articles.
6. The touch button, easy to use.

XB-8006

XB-8021

Bottle Sterilizer

Model: XB-8607

1. Transparent sterilizer tank, easy to check the sterilize process.
2. Flexible tank combination can sterilize different feeding supplies.
3. High capacity, sterilize 6 standard bottle at the same time.
4. Steam food (such as eggs).
5. One button operation, simple and convenient.

2 in 1 Bottle Sterilizer & Dryer

Model: XB-8606

1. One button operation, convenient for your use.
2. Indicator light display, with Intelligent Microcomputer Controller.
3. Automatic turn to dry out function after sterilizing.
4. High-capacity, sterilize 6 all size bottles and other feeding items at the same time.
5. Easy to clean.

2 in 1 Bottle Sterilizer & Warmer

Model: XB-8608

1. Multifunctional, 3 in 1 (sterilize, warm milk, heating food).
2. Sterilize in 10 minutes (with 60ml water). Automatically alarm and turn off after sterilize.
3. Warm wide neck bottles to 40°C, with indicator light, alarm after finish warming and constant to 40°C.
4. Heating food to 70°C, with indicator light, alarm after finish heating and constant to 70°C.
5. Sterilize, warm milk or heating food can be work separately, more convenient for your use.

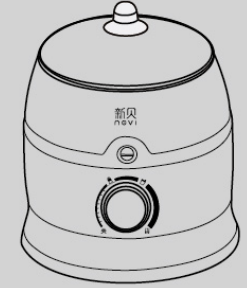

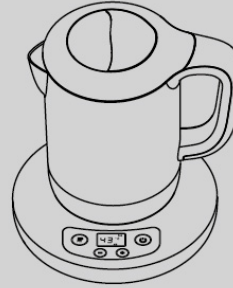

Steam sterilizer

Model: XB-8609

1. Steam sterilizing with fast dryer, one key operation for you most convenient.
2. With intellectual chip, automatically shut-off after finishing sterilization & dryer out.
3. High capacity for all the feeding articles.
4. Separate bodies, easy to clean.

Microwave Bottle Sterilizer

Model: XB-8603

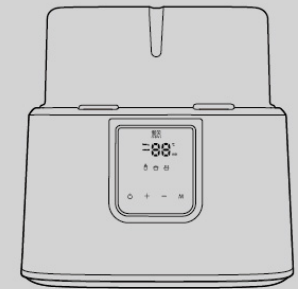

1. 5 min. quick sterilizing.
2. Fit most Microwave Oven use(service power 500W-1000W).
3. One-piece clamshell design, more convenient for use.

Microwave Bottle Sterilizer

Model: XB-8002

1. Food grade material, BPA free.
2. Simple structure, easy cleaning.
3. Large capacity, sterilize 9 bottles.
4. Bilateral security lock.

03

Bottle Warmer

Digital LED Milk Warmer
Model: XB-8227

1. Touch panel,
2. Prevent dry-boiling,
3. Quality temperature control,
4. Constant temperature with multi-mode,

Digital LED Milk Warmer
Model: XB-8229

1. 3 in 1,
2. High boron glass,
3. Prevent dry-boiling,
4. Micro control panel,

Digital LCD Milk Warmer
Model: XB-8630

1. Touch-screen.
2. Adjustable temperature.
3. constant temperatuer mode.
4. Food grade stainless-steel material.
5. Double safety protect system, Overheat protection and Dry-boil protection.

18

Digital LED Milk Warmer
Model: XB-8228

1. High boron glass,
2. Quality temperature control,
3. Micro control panel,
4. Prevent dry-boiling

Digital LED Milk Warmer
Model: XB-8231

1. High boron glass,
2. Micro control panel,
3. Prevent dry-boiling,
4. Quality temperature control,

Baby Bottle Warmer

Model: XB-8625

1. 40°C for warming milk, 70°C for heating food, 100°C for sterilizing the feeding bottle.
2. With indicate light and rotary knob to control the temperature, convenient for your use.
3. This item can be converted to car use also.

Baby Bottle Warmer

Model: XB-8623

1. 40°C for warming milk, 70°C for heating food, 100°C for sterilizing the feeding bottle.
2. With indicate light and rotary knob to control the temperature, convenient for your use.
3. For standard bottle use.
4. This item can be converted to car use also.

Baby Bottle Warmer

Model: XB-8398

1. It can warm milk, and can also heat and disinfect bottle nipples.
2. Free temperature is set, safety is more secure.
3. Smart panel, one button control.
4. Electronic temperature, real-time display, rejection of pseudo temperature difference.

Double bottle warmer

Model: XB-8397

1. 3 in 1: Warm Milk, Heat Food and Sterilizer
2. Adjust Temperature Freely
3. LED Display Screen
4. Real-time Temperature Display

Baby Bottle Warmer

Model: XB-8632

1. Colorful design for your baby.
2. Transparent tank, easy to check the working process.
3. Easy to operate.
4. 40°C for warming milk, 70°C for heating food.
5. This item can be converted to car use also.

19

20

Dual Electric Bottle Warmer

Model: XB-8633

1. Dual warmer for all size bottles.
2. Unique shape design for fashion mum.
3. Electric temperature control, more accurate.
4. With 3-function of warm milk(40°C) , heating food (70°C) and sterilizing (100°C).
5. Simple operation, more convenient for using.
6. This item can be converted to car use also.

Baby Bottle Warmer

Model: XB-8635

1. Colorful design for your baby.
2. Easy to operate.
3. 40°C for warming milk, 70°C for heating food, 100°C for sterilizing the feeding bottle.
4. This item can be converted to car use also.

04

Other Items

Food Processor

Model: XB-8304

1. High temperature steam cooking.
2. Micro mixing.
3. Heating Thawing.
4. One-key operation.
5. 304 stainless steel water tank.

21

Wipes Warmer

Model: XB-8321

1. Energy Saving.
2. Effective Moisture.
3. LED temperature display.

Baby lighting earpick

Model: XB-8976

With this flashlight silicone ear pick, you'll see the inner of the ear clearly without any hurt. With lithium battery for long lifetime.

Treasure

Model: XB-8315

1. Science is long, and the operation is not heavy.
2. Human hand grip design, anti skid and easy to operate.
3. Light source is stable, bright and dazzling, low energy consumption and low calorie.
4. Thread design can be replaced more firmly. First pick the tweezers, easy to be in place.

22

Baby Wet Towel Heater

Model: XB-8301

1. Keep wet towel warm, more comfortable.
2. Digital design, set temperature, saving energy and environmental.
3. Magnetic suction cover, safe and convenient.

Baby wet wipe warmer

Model: XB-8702

1. With unique import heater to keep wet wipe heating uniform.
2. Keep the wet wipe in baby's most comfortable temperature (37°C).
3. Can be used as wipe box when not heating.

Night Light

- Chicken XB-8382
- Pig XB-8383
- Whale XB-8385

Baby Nail Clipper

Model: XB-8357

1. Instead of nail scissors and scissor, grinding baby soft nail safety.
2. More soft, avoid hurting baby nail.
3. Alleviate the psychological conflict with silent and colorful design.

Breast Pump Kit

Model: XB-8996

- Containers of milk or food with Big Capacity
- Secured without leakage
- Breast pump adapter to contain milk

Home Use Atomizer

Model: XB-8358

1. Mini body, easy to take out.
2. Built-in a high efficiency compressor.
3. With 2.5 μm superfine atomizing particles.

Baby Nutrition Feeder

Model: XB-9017

1. Healthy way for babies to relieve teething pains when gums and teeth are itchy and developing.
2. Great way to exercise the baby's brain for development of hand and eye coordination.
3. Great way to supplement your baby's dietary nutritional intake.
